#### [Communicated.] SWOED PRESENTATION AT CAMP GRIFFIN.

SECOND VERMONT REGIMENT.

Camp Griffin, Va., Feb. 10, 1862. Elitors of the Republican:

Tuoni ton, N. H.

Among the many sword presentations noticed by your paper, I have been sorry not to see the one to Gen. O. O. Howard, by the noncommissioned officers of the Second Vermont regiment. This regiment was attached to the brigade commanded by Gen. Howard at the battle of Bull Run, and they have never ceased to regard him with respect and affection, both for his character as a man and a soldier.

In token of their regard for him, the noncommissioned officers of the regiment purchased an elegant sword, sash, and belt, at the cost of \$200, and deputed three of their number to then present it to him. On the 6th instant, the committee proceeded to his beadquarters, and made the presentation.

Lieut. Edgerton, their sergeant, in behalf of the committee, made the following remarks: the committee, made the following remarks:
GENERAL HOWARD: The non-commissence officers of the Second Vermont regiment, have long meditated giving you some token of their high regard and esteem. We now come as their representatives, to tender you this sword, as a fitting tribute to your care for, and kindness to us. It might be asked why we have only to say, you were our first general and we cannot forget the forbearance which you exercised toward us, unused to the soldier's you exercised toward us, unused to the soldier

On that ever memorable march to Bull Run and the retreat from it, and subsequently until we were removed from you, your care for our comfort we shall ever remember with feelings of gratitude.

of gratitude.

Allow me then to present you with this sword, also this sash and belt. We ask you not to remember us by them for their intrinsic value, but for the feelings which prompted their gift. I would quote the motio angraved an the scabbard, "Paiman qui meruli ferat,"

Let him who has won it bear the pulm," and only add the remainder, "Taum est," it is thine. To which Gen. Howard replied as follows :

GENTLEMEN: It affords me sincere pleasure to be remembered kindly by those with whom I have served, and particularly so by the officers and soldiers of the Vermont Second regi-

ment.

My first acquaintance with you was at Clermont, near the abandoned bemestead of Old Commodore Forrest. Your happy faces, your bright arms, come up in the field of my recollections and help to inspire me with confidence in our troops, and with strong bopes that the shall issue will be success.

I remember you on the march before the slat of July, at Sangsters, at Centreville, and on the memorable day at Bull Run. I often the memorable day at Bull Run. I often the slat of your behavior on that occasion: cool had bready as regular troops, you stood on the

had ready as regular troops, you stood on the brow of that bill and fired your thirty rounds, and retired only at the command of your colo-

I remember you when you gathered around me on retiring; I remember you when you were suffering in Alexandria merket-house, and also with what cheerfulness you took up the march again to the old ground at Cler-

I call to mind the Vermont men as respect thi, hardy, and ready for action. Every paper asset to come in the proper shape, and the men quard and patrol were ceither ashamed no atraid to do their whole duty. I have had a good deal to do with men, and much to do good deal to do with men, and much to do with regiments, during the past year, and think I may ray, without lojustice to others, that I have not had a regiment in my brigade that i could place above yours. These are and have been my sentiments. Now, in response, with-out intercommunication, you have tendered ine this appropriate gift, for which accept my learny thanks, yourselves, who have done me the honor to come so far to my headquarters, this inclement day, and be kind enough to carry the same to the donor, who have thus honored the same to the denor- who have thus honore ma with this beautiful expression of their con

flaence.

May the Divine bleising rest upon your regiment, and the finger of God direct you to two poral and eternal success. B. ...

KID GLOVE POWDER!

It is especially used to strinkle on the inside of KID GLOVES, enabling a tight gieve to be drawn on and off with ease, prevents their being solved by perspiration, and after the glove drawn of it leaves the hand-oft and while, giving it a delicate perfums it leatantly removes all roughness and redness of the hands, arms are tace, caused by indoor or chaps. As it is impossible to remove The and Farkara, this rework will conceal these defeats, giving a braithy hue to the idia. As a Tollet and kive y Powder, it is unaupassed. By sprinking a lutel or the Powder on the lastic of a boot, iswill prevent Corne, and allow a light boot to be worm with comfort.
